

# **Aid for Preparing the 2012 Annual Report of Residential and Day Services Department of Social Services and Department of Developmental Services**

---

*The Annual Report and all corresponding spreadsheets were developed in Microsoft Excel 2000 and will run in an Excel 2000 (or higher) environment. The Excel commands referenced in this Aid are based on Excel version 2000, XP and 2003. Commands may differ for Excel 2007/2010. Please contact Jason Ledger at 860.610.9009, extension 119 if you need assistance.*

## **Important (Excel 2007/2010 users)**

**If saving the Annual Report using “Save As” be sure to save the file as an Excel 97-2003 Workbook (.xls). Saving as any other document type may cause loss of functionality and is not supported.**

The following information is a general overview and page-by-page guideline to assist with entering data correctly.

The Department of Social Services and Department of Developmental Services Annual Report of Residential and Day Services package contains the 2012 DSS/DDS Annual Report workbook, this Step-by-step Aid for Preparing the Annual Report, and the necessary Excel files used to report Property Additions and Insurance Costs for CLAs. Also included in your package are various reference and resource documents consisting of Depreciation and Useful life References and CLA Expenditures Reimbursable within the Room & Board Rate.

Since Cost Centers have been pre-populated into the 2012 DSS/DDS Annual Report workbook, it is strongly recommended to review the information to be sure all cost centers have been included. If a program has been omitted or not identified within the Agency’s information, it will be necessary to contact Julie Bouchard, DDS Operations Center at (860) 418-6050 to obtain an assigned unique identifier for any new programs.

When preparing the DSS-DDS Annual Report **do not cross out or alter line items or descriptions**. Every effort has been made to identify each type of expense or revenue. However, if a specific line item is not reflected, click on the various links labeled at “other” or “click to go to Schedule”. This will prompt a supplemental schedule to open where additional item descriptions may be entered.

## **Suggestions and Recommendations**

- **DO NOT USE THE CUT AND PASTE FUNCTIONS.** DDS uses the data from the annual report to provide the Legislature and Private Providers with statistical information on operating day and residential programs funded by DDS. The use of the Cut and Paste functions may alter the cell in the Excel spreadsheet from a data cell to a text cell. While it may not affect the annual report spreadsheet, it may corrupt the data transferred to the reporting software.
- Save all files to the hard drive as working files.
- Save files frequently during the input process, to avoid any loss of data.
- Print a blank copy of the Annual Report before entering any data into the workbook. This will provide a visual aid to assist during data input.
- For CLA providers refer to the *Room and Board Expenditures document when determining allowable reimbursable costs.*
- Once each document has been completed and reviewed, it should be saved back to a CD and included with the final and complete submission. Data can also be submitted by email to [data@cjl.com](mailto:data@cjl.com). NOTE: Providers are still required to submit **2 copies** of the Annual Report and all schedules (excluding the insurance declaration pages and property addition schedules), printouts with signatures and support documentation in hard copy form as part of the annual submission.

- The Print Manager may not print attachment pages correctly if programs have been added or removed or if rows have been added or removed. If this occurs, please adjust the print area and page margins manually, and then try printing the applicable page without the Print Manager.

## Important CLA Reminders

### Annual Report Pages 28 & 29 (Room & Board Expenses)

- All Facilities with multiple programs using the same cost center number should report all beds, days, and expenses in total under its lead program only. Note: the lead program has been identified with “MCC” in the name for Master Cost Center. The affiliated program(s) have been identified with “SCC” for Secondary Cost Center and should not include any data.
- All new property additions must be included on the enclosed “2012 Property Addition” Excel spreadsheet to be considered for reimbursement. This schedule should not be used to compute total depreciation expense, but only used to compute the current/first year depreciation for newly added property.
- Property additions that were disposed of prior to the end of their useful lives should be reported in the disposal section of the Property Additions Schedule.
- Updated depreciation schedules will no longer be provided (i.e. the 2012 depreciation expense totals will not be automatically computed).
- The Insurance Expense Schedule includes a column for Renter’s Insurance. This column should be used for Facilities to report the insurance expense on **personal** property (movable equipment) only. Property (building and building improvement) insurance reported for leased property, which is provided by the landlord, will be disallowed. It must be noted in the lease agreement that the tenant is to maintain property insurance to be considered an allowable DSS cost.
- Utility expenses have been separated into the following categories; Heat, Light & Power, Water & Sewer, Cable, and Other, respectively. Note: condo fees should be reported on Page 29, Line 15d Plant Maintenance, Operations and Repairs.

### To Begin

Copy the documents from the CD onto your hard drive. Working directly from your hard drive will facilitate the input process and prevent “Disk Full” or other disk-associated errors. It is strongly recommended to save the documents frequently during input. Save the completed documents onto a CD to be included with the final submission.

### Copy files from CD

1. Create an empty folder somewhere on your computer.
2. Open My Computer and double-click the CD Drive (usually drive D: or E: may also be labeled “2012 Annual Report”).
  - A. Select all the files that show up (CTRL-a).
  - B. Copy them (CTRL-c).
  - C. Find the folder that you created in step 1 and open it.
  - D. Paste (CTRL-v) the copied files into that folder.
3. It may be necessary to clear the Read-Only attribute of the files.
  - A. Select all (CTRL-a) the files in the folder created in step 1.
  - B. Select File > Properties from the menu.
  - C. Uncheck the box that says Read-only and choose Ok.

### Setup Excel to allow Macros to run

1. Open Excel and go to Tools > Macro > Security in the menu and choose Medium. Close and restart Excel.
2. When opening files choose Enable Macros if prompted.

### **Open 2012 Property Additions file**

1. Launch Excel - (Minimum requirements - Microsoft Excel 2000).
2. Open newly copied file "2012 Property Additions."
3. Enclosed in the "2012 Annual Report, Schedules, and Filing Instructions" disk there is a file named "Property Additions." There are two worksheets included in the file. One for adding new Real Property additions and another for adding new Movable Equipment additions. Also, included on each of these worksheets is a section for identifying items in which the Facility has disposed of before the end of the asset's useful life.
4. All 2012 additions for all CLA programs should be entered on the same Real Property or Movable Equipment worksheet. If there are not enough spaces available in one worksheet to add all the property additions for the entire agency, another worksheet should be created within the workbook. This can be done by right clicking the worksheet, then selecting "Move or Copy..." and checking the box labeled "Create a Copy."
5. For each new addition be sure to enter the Cost Center Number and Cost Center Name as well as filling in each column of information requested.
6. Once all new additions have been added to the workbook, **save** the file to your **hard** drive as the working copy.
7. Print a copy of the Real Property and Movable Equipment worksheets. A hard copy must be included in your completed submission.
8. Using the Facility prepared and reconciled depreciation schedules, Total Depreciation Expense will need to be entered into the Annual Report, Room & Board Screen, on the applicable Lines 1 and 11.

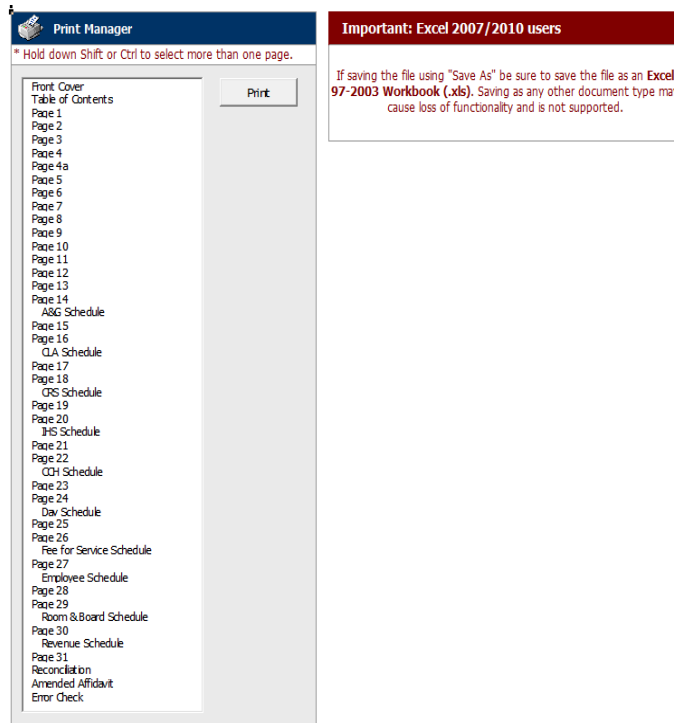

### **2012 Insurance Report**

1. Launch Excel - (Minimum requirements - Microsoft Excel 2000).
2. Open newly copied file "2012 CLA Insurance Report"
3. Complete the form including all types of insurance, which must reconcile to the total insurance policy.
4. Allowable room and board insurance cost is calculated to equal property insurance and 1/3 of the general liability insurance.
5. Insurance will need to be entered into the Annual Report, Room & Board Screen, Line 14. The remainder of the general liability insurance should be entered on Summary of CLA, Line 7.B.1 General Supplies and Services.
6. A hard copy of the schedule must be included in your completed submission.

### **Open Annual Report Workbook:**

1. Launch Excel (Minimum requirements - Microsoft Excel 2000).
2. Open newly copied file "2012 [Provider Name] Annual Report.xls".
3. Click "Enable Macros".
4. Various worksheets will be displayed across the bottom tool bar. The only worksheets in which data will need to be entered into are General Information through Revenue Schedule. The remaining worksheets are for printing purposes only.

<p><b>Cost Centers Numbers</b></p>	<p><b>Page 12</b></p>	<p>The Agency's information will be pre-populated. However, it is strongly recommended the information be reviewed for accuracy. Any errors or discrepancies should be reported immediately to Jason Ledger the offices of Craig J. Lubitski Consulting LLC @ 860.610.9009.</p> <p>Enter the applicable information in the light gray shaded areas. Each cost center should include the Town/City in which the program is located. <b>Due to the change to utilization based payments</b>, each cost center must include the Total Contract Service Authorizations (CSA), Total Vendor Service Authorizations (VSA), and Total Non-DDS Participants (NDP) as of the date of June 30th, 2012. This is a snapshot of the authorizations for the program and should not include any authorizations that had previously expired prior to June 30, 2012. For CLA's, there is a new Total Licensed Bed column that has been added to identify the number of licensed beds in a group home as compared to the number of current authorizations. The Total Openings will automatically calculate the total number of CSA, VSA and NDP for each program. All cost centers must have the total number of Days Opened for FY2012.</p> <p><b>Note:</b> If a program has been omitted or not identified within the Agency's information, it will be necessary to contact Julie Bouchard, DDS Operations Center at (860) 418-6050 or at <a href="mailto:Julie.Bouchard@ct.gov">Julie.Bouchard@ct.gov</a> to acquire a unique identifier for any new program or cost center that has not been included.</p> <p>Once a unique identifier has been assigned by DDS, the new program can be added by clicking "Add Cost Center". An input screen will pop open and prompt you for the required fields. The new Cost Center will automatically be added to all other screens in the system.</p> <p>To remove a program that has closed or was added incorrectly click "Remove Cost Center". A selection screen will pop open. Choose from a list of cost centers to remove. If a pre-populated cost center is selected for removal, you will be prompted to enter the date of closure. This is required so that DDS can update their records. <b>* Note Fee for Service (FFS) programs cannot be removed from the list.</b></p> <p>If a program was closed during the FY2012 year, please identify the program and the number of CSA's that were funded on the last of service.</p>

Room & Board	Pages 28 & 29	Enter the appropriate information in the light gray shaded areas.
	Line 1– Real Property Depreciation	The computation of depreciation should <b>exclude the cost of land</b> . The computation of depreciation shall be based on the acquisition cost of the assets. Capital improvements greater than \$7,499 require pre-approved authorization from DSS and DDS. This rule also applies to oil tank improvements and roof repairs greater than \$2,499. For Real Property only, a full year of depreciation will be allowed for reimbursement regardless of the acquisition month; except for programs which opened within the current cost year, in which case, the actual months in service will be allowed.
	Lines 2a-b - Rental Payments on Leased Single Unit Structures	Facilities are allowed to claim Rental Payments made on Leased Real Property. Except for Facilities with approved Recognition of Lease Cost agreements; these costs should be reported on Line 8c. Please refer to the “Approved Property Cost - Reporting Instructions” following the Room & Board Expense section for additional reporting instructions. Note: Lease agreements not approved by DSS may be limited to the Fair Rental Value.
	Line 3 - Interest on Real Property Additions	Facilities are allowed to report interest on debt incurred to acquire or replace capital assets (including renovations, alterations, land and capital assets acquired through capital leases) provided the acquisition and/or renovation has been approved by the Department of Social Services and Department of Developmental Services.
	Line 4 – Less Non-Reimbursable and Other Costs	Include HUD Subsidies and Revenue that offset property costs. Please be sure to identify all offsetting expenses, on the attachment page provided, to prevent double disallowances.
	Line 5 – Net Actual Property Costs	Net of actual property costs will be calculated automatically.
	Line 6-Percentage of Sq. Ft. Used for A&G Activities	If any portion of the property is used for A&G or non-CLA activities, enter the square footage percentage used for these activities.
	Line 7 – Prorated Portion of Actual Cost	Prorated portions of actual costs will be calculated automatically.
	Line 8a-c – Approved Property Costs	Enter approved property costs to be reimbursed in the applicable lines noted below: 8a. CHFA 8b. Recognition of Actual Debt Service 8c. Rental Payments Approved by DSS Refer to the “Approved Property Cost-Reporting Instructions” section following the Room & Board Expense section for additional reporting instructions.
	Line 9 - Depreciation on Movable Equipment	The computation of depreciation should <b>exclude Motor vehicles and office equipment</b> . Only Six months of depreciation expense will be allowed for movable equipment additions not added in the month of July. If added in July, a full year of depreciation expense will be allowed.

Room & Board	Line 10 – Rental Payments on Leased Real Estate in Multi-Unit Building Structures	Include only rental payments for multi-unit building structures such as condominiums and apartments.
	Line 11 - Property and Real Estate Taxes (excluding Motor Vehicles)	Property and Real Estate Taxes are allowable at the billed amount if paid, but not the paid amount. Whenever exemptions to taxes are commonly available, the Provider is expected to take advantage of them. If the Provider does not take advantage of available exemptions, the expenses incurred for such taxes will not be recognized as allowable costs under the program. <u>Interest and penalties related to non-payment or late payments of taxes are not allowable.</u> Note: If claiming taxes, provide either a copy of the Town Exemption Denial or a copy of the letter sent to the town requesting exemption.
	Line 12 - Interest on Movable Equipment (excluding Motor Vehicles)	Include all Interest Expense associated with allowable Movable Equipment. Attach detailed information to include the name and address of the lender, original date of the loan, interest rate, amount borrowed and purpose of loan.
	Line 13 - Interest on Working Capital	Facilities are allowed Interest Expense related to <u>necessary</u> Working Capital and Capital Loans. The loan must meet the following criteria: 1) be for a period less than 12 months; 2) be from a recognized financial institution (related party loans are not allowable); 3) is necessary and proper for the current operation and maintenance of the facility and is measured by the average monthly cash requirements; and (4) <b>is not used</b> for the acquisition of fixed assets or for unallowable and non-resident related expenditures. Data Input Screens	Annual Report Page	Room & Board Expenses
<b>Room &amp; Board</b>	<b>Line 15b - Housekeeping</b>	Enter cost of supplies such as products to clean windows, floors, bathrooms, etc.
	<b>Line 15c - Laundry</b>	Enter cost of supplies such as bleach, softeners, etc. Dry cleaning is reimbursable if it is incurred on household items. Dry cleaning will not be reimbursable if incurred for resident's personal belongings.
	<b>Line 15d - Plant Maintenance Operations and Repairs</b>	Costs incurred for necessary maintenance, repair, or upkeep of buildings and equipment, which neither add to the permanent value of the property nor appreciably prolong its intended life, but keep it in an efficient operating condition, are allowable. Expenditures for fixed assets and/or movable equipment whose useful lives are greater than 1 year with a cost of \$2,500 or more must be capitalized with minimum of 5 years useful life. Fixed assets must be depreciated based on 2012 Asset Useful Lives schedule, attached. This schedule has been approved by the Department and Connecticut Community Providers Association / Connecticut Association of Nonprofits. Items purchased on the same invoice or related improvements, completed within a reasonable timeframe should be counted as a single asset when applying the capitalization threshold (e.g., purchase of tiles, cabinets and paint in the same month from the same supplier are considered one project "Kitchen or Bathroom Renovation".)
	<b>Line 15e1-5 - Utilities</b>	Report expenses in the applicable categories: 15e.1. Heating; 15e.2. Light & Power; 15e.3. Water & Sewer; 15e.4. Cable (basic cable for common areas <u>only</u> ); and 15e.5. Other. Telephone and internet expenses are not reimbursed by DSS.
	<b>Line 15f - Equipment Under \$2,500/Equipment Rental/Other</b>	Include any minor equipment classified as an asset for which depreciation is not claimed. Televisions purchased for use in resident's room are not a reimbursable cost. Only televisions purchased for common areas are reimbursable. Equipment Rental includes all leases paid on a contract basis. Provide detailed information for all equipment by utilizing the "attached schedule link." Click on the link, to enter a detailed description within the gray shaded area. Once the information has been added, click the return link. The supplemental sheets will close. If additional space is necessary, insert rows using Excel's Tool Bar – "Insert".
	<b>Line 15g - Maintenance Salaries &amp; Benefits</b>	Enter maintenance costs associated with salary and benefits agreement previously approved by DSS. <b>Note: improvements completed by the maintenance staff are subjected to the same guidelines used for improvements completed by a third party. Three bids and a Capital Improvement Agreement must be obtained when necessary. Refer to the Capital Improvements guidelines for further details.</b>

### Revenue Offsets

Certain non-operating revenues generated by the provider agency may be used to defray the state's share of the cost of a program. Examples of such revenues include sales revenue from day programs or a restricted donation specifically earmarked for a DDS cost center. Such revenues should especially be applied to the extent they were realized when they were clearly anticipated on the Operational Plan. This will ensure a fair cost settlement.

Once all information has been entered and reviewed for accuracy, save the 2012 Annual Report of Residential and Day Services Department of Social Services and Department of Developmental Services onto a new CD or DVD. This should be included with your completed submission.

**Writing CD or DVD to return to CJLC**

Files to be returned to CJLC must be written (burned) to a CD-R, CD-RW, DVD-R, or DVD-RW. Specific CD/DVD Burners, CD/DVD Burning software, and writeable media are required to do this. Refer to CD/DVD Burning Software Manuals for additional instructions.

Files that cannot be burned onto a CD-R, CD-RW, DVD-R, or DVD-RW can be saved to a USB flash drive or emailed to [data@cjl.com](mailto:data@cjl.com) as attachments. The file is quite large and may take a while to send.

Using the Print Manager select all of the pages and press "Print". Print (2) two complete copies of the 2012 Annual Report of Residential and Day Services Department of Social Services and Department of Developmental Services.

Please submit the following for your completed submission to be accepted by the Department, to the address noted below:

- An original and one copy of the completed Annual Report that includes the following:
  - A signed and notarized page 2
  - A signed page 3,4 and 31
- An electronic copy of the Annual Report that matches the above hard copies saved as an Excel 97-2003 Workbook (.xls) (see above for details)
